Texas Governor's Mansion

Texas Garden Club, Inc.

Daffodils at the Governor's Mansion

Texas Garden Club members and clubs are invited to support the National Garden Club (NGC) President (and Texan) Renee Blaschke's project, Golden Days.

Daffodils

Daffodils at the Governor's Mansion is a Texas Garden Club (TGC) statewide project through fall 2011, with a dedication in early spring 2012. Members and clubs are encouraged to donate to TGC to purchase daffodils for planting on the grounds near the Texas Governor's Mansion, after restoration from the fire damage.

This project will compliment individuals and clubs' daffodil projects in their community and publicize the national project and NGC. Deffodils bring the spark of life to the early-spring landscape. TGC will buy daffodil bulbs, based upon donations from TGC members and clubs. The Governor's Mansion Restoration Committee and the Grounds Crew will plant the bulbs. The first 100 members or chapters donating $50 or more may be recognized with a daffodil brooch, to recognize their participation and to promote donations. Donations of $100 or more will also receive a TGC Certificate as a Golden Days Daffodil Sponsor.
TGC Project Chair - Jane Cohen, j-cohen@aggienetwork.com.

Silver Color, worn horizontal or vertical, about 1 3/4 " wide x 1 " tall.
